DETAILED ACTION

1. Claims 1-21 are pending in the instant application.

Response to Amendment

2. In view of the Applicant's amendments to the claims filed July 25, 2005, the prior art rejections set forth in the first office action are withdrawn. However, a new grounds for rejection is set forth below.

Claim Rejections - 35 USC § 112

3. Claims 1-21 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Regarding claim 1, the claim is rejected because the limitation including "a *resonator free, non-resonator-actuated* notch filter" is new matter which was not described in the specification at the time the application was filed. Especially, a "non-resonator-actuated" notch filter was not described in the specification as originally filed because the specification as originally filed made no reference to *any actuation* of the notch filter. While the specification provides for the notch filter being selectively coupled, it does not provide for any actuation of it.

Regarding claims 2-13, and 21, the claims are rejected as being based upon a rejected parent claim.

Regarding claim 14, the claim is rejected for the same reasons as applied to claim 1 above.

Regarding claims 15-19, and claim 22, the claims are rejected for being based upon a rejected parent claim.

Regarding claim 20, the claim is rejected for the same reasons as applied to claim 1 above.

Allowable Subject Matter

4. No claims are allowed.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
